Old Sturbridge Village plays a vital role in preserving early American history and has been an iconic New England destination for 70 years. Supporting the Village helps history come alive for more than 250,000 students, families, tourists and scholars every year. Situated on more than 200 acres of rural landscape, OSV offers visitors a deepened understanding of their own times *through a personal encounter with New England's past. The Museum is a non profit educational institution, with collections, exhibits, and programs that present the story of everyday life in a small New England town during the years 1790 to 1840.*
